Modesto N Peña y Gorrin
CEO / Chairman / Founder

Dear client partners, colleagues and friends

Dear Members of the IMCI+ Alliance.

It is my honor and pleasure to forward you some impressions from our Partner event in Rabat / Morocco. It was the first partner and directors gathering after the Covid pandemic. Further, we have decided to link this event with the launch of IMCI+ Morocco / Africa, our first branch on the Continent.

I wish to thank in particular our Managing Director / Partner, **Mr Jawad Salmane**, and his team, for the superb and magnificent organization and hospitality. We have invited ca. 60 selected guests (ministers, ambassadors, key business stakeholders). Further, we had the honor to win the **Swiss Ambassador in Morocco, Ambassador Scheurer**, and the **United Nations Federations, Mr Christophe Giovannetti, Mr Anthony Raimondi, from Ukuzi Capital / Kenya** and **Mr Ernest January, CEO from Medu Capital / South Africa**, key personalities who have contributed to the success of the public and media event.

The public event was broadcasted by key TV Channels, Radio, and main print media.

We have discussed *“Morocco, the catalyst for the development in Africa”*. The panels have exchanged the different challenges and opportunities of doing business in Africa and the importance of Morocco as a gate and hub.

Based on the grand success, the BOD has decided to organize the 7th Global Summit in November 2023, in Casablanca.

Since April 2022, IMCI+ Morocco has generated a sales pipeline of over 5 Billion USD and has confirmed the forecasted expectations and I’m sure that the team will be contributing to our further development in Africa, on which we expect to open 3 Regional Offices in 2023.

Thanks to all participants for their trust in IMCI+. Thanks, Jawad and his team for their generosity, hospitality, and great job. I’m very proud of you and much thankful.
